Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

TRANSITING NEPTUNE IN THE 7TH HOUSE - Your relationship with your loved one is going through a confusing time right now testing your integrity and self-confidence. It could be that your relationship has

deteriorated because of your partner's ill health or issues surrounding drugs. It may be that the partnership has dissolved leaving you wandering in a fog uncertain as to the reasons why or it could be that your partner has been deceiving you in some way. Sometimes a third person can be hovering in the distance further confusing the issues. If you are not currently in a relationship you may feel drawn to someone in need of your help, someone who could become reliant on your good nature. It would be best to avoid such relationships, although you may not see this at the time. If you feel that your new relationship is the ideal that you have always been waiting for, you would still be wise to enjoy the romance but wait before you make a commitment as you may not be seeing things clearly right now. On a more positive note it is possible to enjoy a creative or spiritual pursuit with your partner during this time. Certainly the lesson is to face all issues with your partner with as much honesty as possible and to ensure that your primary relationship is enriching your lives rather than draining resources.

TRANSITING NEPTUNE SQUARE RADIX VENUS - This can be a time of confusion in your relationship with your loved one. It may be that you or your partner are feeling disillusioned with the relationship, or perhaps one of you is not being totally honest. You may feel the urge to escape the demands placed on you by your partner at this time. However, it is best that you face the problems that have arisen and attempt to deal with your partner with as much honesty as possible. Remember also that you are vulnerable at this time. As a result your relationship with your partner is likely to undergo changes, which at first seem uncomfortable, but which will ultimately prove healing. It is possible that your relationship ends, but it is also possible that it will grow in a new form. What was once an unhealthy state of affairs can now blossom once the wounds of the past have been healed. You may also meet someone else who forces you to reassess your values and the true worth of your relationships. It is likely that your most intimate relationship will be affected by this transits, but it is also possible that friendships will be influenced.

6 Nov 2010 (30 Sep 2010 to 13 Dec 2010)

TRANSITING NEPTUNE SQUARE RADIX MERCURY - At this time you are open to deception and confusion in your communications with others. It is a poor time for making decisions that require hard, logical thinking. Therefore it is best to leave any contract or business decisions until after the transit has ended. Information is just not what it seems. You may feel nervous, on edge and distrustful. You may find your attention wandering. It would be better if you could find a creative pursuit which enables you to slow down and relax - something which requires imagination rather than logic.

This could be through the physical illness of a loved one, which forces you to slow down and contemplate your future. Alternatively it could be an event which has sparked deep emotions and a search for more meaningful pursuits. Perhaps something has happened which threatens your goals and ambitions. 20 Mar 2011 (16 Mar 2011 to 25 Mar 2011)

TRANSITING JUPITER TRINE RADIX ASCENDANT - This is a favourable time for your health and happiness. Right now you can enjoy joyful occasions, benevolent friends and pleasurable pursuits. You may travel abroad, study a subject that has always fascinated you, achieve success and awards, or simply sit back and enjoy peace of mind. You may enjoy socialising more right now, perhaps with people in the higher echelons of society. Your social contacts may benefit your life. People in high places may bestow gifts on

you. If you are married then you spouse may be particularly supportive. Now is an ideal time to start a healthy diet or exercise regime, particularly as you are apt to put on weight through too much good food and socialising. Self-improvement courses may also attract you, as you feel generally good about yourself and your relationships. You may also take on a teaching role during this time. Generally speaking this is a time where you learn more about yourself, experience the benefits of good relations and have the ability to make your mark on the world.
